Services

Technical presales & solutions architecture

Software vendors, partners and startups that need a senior presales architect for a deal, a launch or a demo program, without a full-time hire.

Search & AI with Elasticsearch

Product and engineering teams that want to move from keyword search to semantic, vector or hybrid search, or try AI agents over their own data.

Data engineering & analytics

Companies and system integrators that need to design or review data pipelines and analytics on Google Cloud or Snowflake.

Cloud program management

Organizations running a cloud program with several teams or vendors that need an independent program manager to keep scope, risk and timelines visible.

Experience

Senior Solutions Architect · Elastic

Feb 2026 – Oct 2026

Technical point of contact for accounts, supporting account executives in Mexico City and Monterrey. I took deals from discovery to the technical win.

I demoed Agent Builder: chat-style agents on commercial or local LLMs that search across all ingested data. I also enabled partners and spoke at meetups and conferences.

Senior Partner Solutions Engineer · Snowflake

May 2025 – Jan 2026

Led technical strategy with system integrators to speed up adoption of their Snowflake-based offerings, and co-built joint go-to-market solutions.

Enterprise Sales Engineer · Datadog

Oct 2024 – Apr 2025

Ran demos and technical evaluations (POVs) for customers in Colombia, Peru, Ecuador, Central America and the Caribbean, and fed customer and competitive input back to product.

Google Cloud
`Jul 2021 – Sep 2024`

> **Data Engineer, Google Cloud Consulting**
> `Mar 2024 – Sep 2024`
> Designed data migrations and end-to-end pipelines for analytics and AI/ML, and helped build scalable, highly available data-processing systems.
>
> **Cloud Program Manager**
> `Jan 2022 – Feb 2024`
> Ran multi-team Professional Services programs, including planning, delivery assurance, and risk and mitigation, plus partner delivery quality.
>
> **Infrastructure Cloud Consultant**
> `Jul 2021 – Dec 2021`
> Designed and deployed distributed cloud infrastructure as a trusted advisor to customer leads and executives.

Sales Engineer · Verizon
`Mar 2017 – Feb 2021`
Big data and IoT presales focused on telecom carriers in LATAM. Worked on POCs, RFPs and C-level presentations.

Presales Consultant / Solutions Architect · Axway
`Jun 2016 – Feb 2017`
First technical contact for customers and partners, designing software solutions for complex scenarios.

TSE / Technical Account Manager · Kaspersky
`Jun 2015 – Feb 2016`
Presales support, plus the bridge between support and premium customers, with SLA KPIs.

Senior Technical Support Engineer · Fortinet
`Mar 2012 – Feb 2015`
Advanced support for firewall, routing, switching and VPN across LATAM, mainly Brazil.

Earlier · 2006 – 2012: Operations and IT roles at IBM and Acision (Brno, Czechia) and Jinny Software (Panama City), supporting messaging middleware for mobile operators and enterprise servers.

Projects

Elastiflix
6,899-movie catalog. Measurement M4 (13 Nov 2026) on 40 graded queries in Spanish and English: correct in 1st place 50 % (256-d), 58 % (512-d) and 63 % (1024-d). 1024-d places the right movie in the top 5 in 37 of 40 queries; 512-d gets close (35 of 40) at half the size. Previous version: 98.6 % instruction / 92.4 % branch test coverage.
elastiflix-reloaded · elastiflix-java

Gotham News & Media Browser

42 of 42 planned implementation tasks completed (phases P0–P10).

gotham-media-browser

Datadog ↔ Google Cloud integration

Public and reusable. It is his most-starred pinned repo (5 stars as of Nov 2026).

datadog-gcp-integration

Snowflake Intelligence: presales demo script

Presales asset created during his Senior Partner Solutions Engineer role. It is a demo with a fictional dataset, so it reports no results.

snowflake-intelligence

Il Giro de Fito: Snowflake platform tour

Presales and enablement asset, with no results reported.

il-giro-de-fito

AWS Client VPN hub

Public and reusable lab reference. Example names, addresses and the account id are fictional, so it reports no production results.

MBA

Instituto Tecnológico Autónomo de México (ITAM)

`2013 – 2015`

Diploma in Project Management

ITAM

`2016 – 2017`

Systems Engineering degree (Ingeniero de Sistemas)

Universidad del Norte (Barranquilla, Colombia)

`1998 – 2004`

French, B2 (CCRE)
Université de Nice-Sophia Antipolis
2010 – 2011

About

I studied in Barranquilla and Nice, worked in Brno and Panama City, and now call Mexico City home. I work in English and Spanish every day, and I get by professionally in French and Portuguese.
Away from the keyboard you'll find me at the gym, with a comic or a movie, or playing guitar. I'm an aspiring chef who loves trying new food, and the beach is my favorite place on earth. On quieter nights it's a good series, or more reading about cloud and software, because that habit never really switches off.
